## EMISSIONS AND AIR QUALITY (PAPERBACK)

SAE International, United States, 1999. Paperback. Condition: New. Language: English . Brand New Book. This book evaluates the current worldwide state of knowledge about the interrelationship between emissions and air quality. This study describes the contribution of passenger car and commercial vehicle traffic to local and global emission situations, and the consequences for the environment. With the objective of questioning the public perception that air pollution is almost exclusively caused by road traffic, the authors show that the contribution of...
