# APACHE CXF WEB SERVICE DEVELOPMENT (PAPERBACK)

Packt Publishing Limited, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book provides a quick start in developing web services using the open source Apache CXF framework. Each chapter uses illustrations from an Order Processing Application and all the code examples are built using the ANT tool. These practical, simple, and easy-to-work-with illustrations are accompanied by step-by-step instructions. As a developer you can take advantage of these practical scenarios to understand the CXF framework and also make use of them in real-life applications. After reading this book, you will be able to develop and deploy services using the CXF framework. This book is for developers who want to design and develop SOAP and RESTful services using Apache CXF framework and leverage various CXF features for service development. It is ideal for developers who have some experience in Java application development as well as some basic knowledge of web services, but it covers some of the basic fundamentals of web services and REST to get you acquainted with these technologies before using these concepts to develop services using the CXF framework.
