

Letters and Papers Illustrative of the Reigns of Richard III. and Henry VII (Classic Reprint) (Paperback)

Filesize: 4 MB

Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Letters and Papers Illustrative of the Reigns of Richard III. And Henry VII The additional letters here are mainly derived from the same sources as those in the first volume. A small number however, are from foreign archives. These were chie?y obtained from the copies made for the late Record Commission, but I have had the most important compared with their originals at Paris. The greater part of the volume is similar in character to its predecessor. Avoiding legal and formal documents, the selection has all along been limited to contemporary papers of genuine historic interest. Nothing has been re published of which a full and accurate text had been already printed, except some of the papers in the Appendix to the present volume. A very few that had appeared in the Archwologia and the French Documents I Md its, which were too important to be altogether omitted, have been placed there in small type along with kindred matter, partly derived from foreign publications. In another Appendix are notes of some of the most interesting entries on the Patent Rolls of Henry VII., which, besides other uses, may serve as aids to the chronology of the reign.1 Besides these the only matter of a special character is the Scotch correspondence. Of this I shall have occasion to speak a little later. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
