Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Report of the Secretary of Agriculture, 1927 In the crop year 1926 - 27 the net income of agriculture, owing mainly to declines in cotton prices in the early part of the season, fell somewhat below the level reached-in 1925 - 26. This year some improvement is expected. Moreover, areas where distress has been acute in recent years are this year marketing good crops at good prices. Montana and parts of the Dakotas are conspicuous examples. Crop yields in Montana were nearly 50 per cent above the average for the last 10 years. In the Dakotas, Nebraska, Idaho, and Oregon yields were from 10 to 20 per cent better than usual. In the Cotton Belt generally, notwithstanding poor yields in certain areas in eastern Oklahoma and New Mexico and heavy losses from flood damage in the Mississippi Valley, farm returns are expected to be up to the average of recent years. The troubles of the farmer are not yet over, but the balance of the year's developments is on the side of progress. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
