Taylor Francis Ltd, United States, 2007. Paperback. Condition: New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Placed in a historical context, sexuality was once so prominent in psychoanalytic writing that sexual drive and psychoanalysis were synonymous. The exciting discovery of childhood sexuality filled the literature. Then other discoveries came to the fore until sexuality slipped far in the background. This book evokes the excitement of the original discoveries of childhood sexual experience while linking childhood sensuality and sexuality to adult attachment, romantic, and lustful love. This revised perspective offers the general reader insight into contemporary psychoanalytic thought, and presents clinicians with a perspective for exploring their patients sensuality and sexuality with renewed interest and knowledge.
