Rosedog Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Do you want to teach your children and other children how to pray, but don t know how? Wouldn t it be great to have a guide to teach your children or students about prayer? When children know how to pray, it helps them to develop a relationship and intimacy with the Lord. Prayer can help children become a person of purpose, character, strength, and confidence. Pray in/Praiz en Kids is a prayer curriculum that utilizes the armor of God (Ephesians 6:11-18), confessions, scriptures, crafts, and character development stories to teach children about prayer. The multi-sensory curriculum integrates proven methods of teaching and instruction. Shelton s prayer curriculum has been used at youth camps and in a home school program to teach children from different faith persuasions about prayer and character development. The curriculum stimulates a genuine desire in children to pray, praise, and grow in their relationship with the Lord. About the Author Andrea Y. Shelton has spent more than ten years as an educator for grades preschool to middle school. She has been a home school instructor and tutored students from preschool to the undergraduate level. Shelton has coordinated youth ministry for churches and other ministries. She has functioned as a co-director of a neighborhood vacation Bible school and enhanced other children s curricula with innovative and creative ideas. She holds graduate degrees from Oral Roberts University in divinity and counseling. She has travelled as a missionary and interacted with children in several foreign countries. Shelton resides in the Atlanta, Georgia, area.
