Cultural Studies the Study of Popular Culture (Paperback)

By John Storey

University of Georgia Press, United States, 2003. Paperback. Condition: New. 2nd ed.. Language: English . Brand New Book. This revised and fully updated version of John Storey's best-selling survey is an accessible introduction to the range of theories and methods that have been used to study contemporary popular culture. The book also provides a map of the development of cultural studies through discussion of its most influential approaches. Organized around a series of case studies, each chapter focuses on a different media form and presents a critical overview of the methodology for the actual study of popular culture. For students new to the field, the book provides instantly usable theories and methods; for those more familiar with the procedures and politics of cultural studies, it provides a succinct and accessible overview. This edition has been revised, rewritten, and expanded throughout. The book now includes new sections on television audiences, reception theory, and globalization.
