SUSTAINABLE FOOD FOR THE GLOBE.: ONE SQUARE FOOT AT A TIME (PAPERBACK)**DOWNLOAD**

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Sustainable Food for the Globe, One Square Foot at a Time came about in the strangest way. In August of 2012, there were two news items that caught my attention. The first was a challenge made by a group calling themselves The B Team. The statement was made that business as usual is currently not working, nor taking care of the needs of the people in our planet. The challenge - that now is the time to modify our mindsets and take a look at what each individual can change to bring about a stronger, richer and more abundant Global community. Secondly, during that same time period, there were lots of comments made by so-called experts, stating that the world would run out of food by the year 2050. What a paradox, on the one hand, a group of invigorated people ready to take a challenge and create a better world; and on the other hand nay-sayers stating that humankind would expire in less than 37 years due to mass starvation. As a gardener, both news items drew my attention. First, as someone who enjoys working with the earth, I am in awe of how a small seed put in a little bit of earth; tended to, making sure it has sun and water, can come out of the ground as a seedling and within a short period of time becomes a food-producing plant. So I started doing research on these two issues. What I found out about the nay-sayers group made me very angry and what I found out about the group making the challenge made me very hopeful. Thinking about these two issues made me search for simple yet effective answers;...
